I've had a recent bereavement of my beautiful beloved grandma. This was her teddy she gave me when I was a baby and it's been with me ever since. Every celebration, birthday, event, memories of happiness and sad 'Snowy' bear was there - even when she passed away ???? I placed her on my grandmas chair in her flat and due to a major lack of communication it was prematurely taken we think by a charity... as a family we are mortified as we werent told of her house clearance. Reward for finding!
