

LOST

06 May. 2022 @ Hampstead Heath

I left three rings in Hampstead Heath when having a picnic. The first is a silver ring with a brown stone. The second is a gold ring with a blue coral stone and the third is a silver ring with two citron stones. These rings are extremely special to me so hoping on the rare chance that someone may have seen them/handed them in. (Katie , 10 May. 2022)
