

LOST

21 May. 2020 @ Portchester, UK

iPhone 5c LOST today 21/05, around 18:30, on the path near Portchester Castle playground towards Castle Shore park. White phone, black and white rubber case. No SIM card. Sound mode button broken. This is my kid's phone, he's got some sentimental value videos and photos on it. Grateful for any info! (Julia, 21 May. 2020)
