

# LOST

**12 Feb. 2020 @ W2 5SH**

Hi there. I've lost my wallet with documents, store cards, bank card, Oyster card and a little amount of money. It holds a business card with my contact details. It is similar to the one on the left side of the picture, being my actual wallet the one showing on the right side. Last time used at the dry cleaners, so probably fallen on the way home. Thank you for reading. (Antonio, 12 Feb. 2020)
