

LOST

06 Jul. 2024 @ 32 Sloane Street, London 1X 9NE

Hi, I lost an earring close to Millennium Hotel just before 10 am on Saturday morning 6 July 2024. It is gold in colour, has a clip and post(for pierced ear). On front is an oval golden frame face with an oval lilac coloured centre stone. There are 2 small clear round stones mounted at the top and bottom of the golden frame. On each side, carved out is a heart and leaf shapes. (Jackie, 09 Jul. 2024)
