

# LOST

## 06 May. 2022 @ Spring Festival Munich Germany

At the spring festival in Munich, Germany I lost my Red Olympus Tough t-6 Camera and jacket. It fell off my waist, and I checked everywhere and no one could help me at the festival. It has all my memories from Christmas and my study abroad experience. I would do anything even just to have the memory card back. It looks like the image below just used. (Sarah , 12 May. 2022)
