

LOST

14 Sep. 2020 @ CAMBER SANDS

Hi, I have lost my prescription sunglasses on 13-Sep-2020 (Sunday) at the beach in Camber Sands, UK. The glasses were of make Superdry and has dark brown frame with orange highlights. The glasses are prescription ordered for long distance vision and hence cannot be worn for normal eyesight. If anyone finds it PLEASE get in touch as they are medically required and I do not want to spend money to make another one. THANK YOU!! (Upamanyu, 14 Sep. 2020)
