

LOST

29 Aug. 2021 @ Hartcliffe Bristol

My Mother's Cat Is Missing. Bristol UK, but could be anywhere if he has hitched a lift somewhere. Please can you look out for: Male Cat. Neutered. Not Chipped. Predominantly Black. White Paws. White Breast. White Smudge on his left side of his jaw. On his right if you are looking directly at him. If you think a cat that you have found, could be Smudge, please message me.
