LOST

03 Dec. 2022 @ London Bridge Underground Northern line Platform sou

I lost my small black shoulder bag, with my grey wallet inside. I forgot the bag at the platform of the northern line heading southbound at 16:50- 17:00. The staff said they saw it but when they wanted to go get it somebody already took it. In the wallet there’s my German ID, driver’s license and various other cards. (Zoe, 04 Dec. 2022)
