

# LOST

## 14 Mar. 2018 @ London

My husband lost his wedding ring he believes on Wednesday evening on his way home from work. He remembers seeing it at work Wednesday morning and thinks he remembers seeing it at the gym (in his work building) he gets the train home from London Cannon Street to Crayford, he then walked home to Dartford from Crayford Station. (Natalie, 17 Mar. 2018)
